DeWitt is the Name

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by E. C. Wines

Don't Worry.

There's no use worrying, fretting, and losing sleep because some one has found fault with what you do. 'Tis the common lot of man in business. The merchant doesn't please all his customers; the postmaster is cuffed and kicked for alleged mistakes; the railroad agent is frequently backed up in a corner and given to understand this and the other thing; the butcher is forever reminded of the tough steak, and even the minister finds it hard to please all the congregation with his best sermons. If you do not believe this ask these men. The newspaper man gets more than his share of it, and is expected to get out a cheerful paper just the same. A man prefers another for years and is turned down and abused. Such things are not pleasant, but they always have been and always will be, and the man who goes through them the easiest is the one who pays the least attention to them and goes right along trying to be pleasant and useful.

Commit This to Memory.

When a business man receives a statement from a wholesale house—and he receives many—he sometimes finds on the statement that unless paid by a certain date a sight draft will be drawn for the amount due, and no excuses are made for the sending of the statement. The business man has to move about and pay the bill. But when the business man sends out statements to those owing him in an effort to raise money to pay his bills, what takes place many times? The person receiving the statement takes it as an insult and grows exceedingly hot. The person who does this should engage in business and in a short time would get over his foolishness. The sending out of statements and the collecting of accounts is one of the most important parts of business and those who neglect it will sooner or later become short of money.—Ex.

It is said that cotton mill owners of the country will ask Congress to investigate the recent corner in cotton and to enact legislation that will preclude a repetition of similar conditions.

Hump Back

SCOTT'S EMULSION won't make a hump back straight, neither will it make a short leg long, but it feeds soft bone and heals diseased bone and is among the few genuine means of recovery in rickets and bone consumption.

CHEAP LANDS

For Homeseekers' and Colonies.

The country along the Cotton Belt Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities for Homeseekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will, often in a single season, yield enough to pay for the ground. Land can be bought as cheap as \$2.50 an acre, prairie land at \$4 and \$5 per acre up, bottom land at \$5 and cleared land at \$10 and \$15 per acre up. Some fine propositions for colonies—tracts of 2,000 to 8,000 acres at \$4 to \$10 per acre—big money in this for a good organizer. Fruit and truck lands in the famous peach and tomato belt of East Texas at \$10 to \$20 per acre up. Write us for information about cheap rates, excursion dates, also literature descriptive of this great country and let us help you find a home that will cost you no more than the rent you pay every year.

A Few Hot Weather Hints.

Bed room floors may be kept cool and very fresh in summer, if wiped daily, with a cloth wrung out in salt water. Microbes, moths, and all pests are thus destroyed. Green vegetables can be kept a day or two by sprinkling them with cold water and laying them on the cellar floor.

In order to keep the house more cool and comfortable during the day open the windows and blinds very early in the morning to let the cool fresh air sweep through all the rooms, close the blinds about eight o'clock.

Avoid drinking iced water during the heated season. Do not eat green or unripe fruits, nor that which shows signs of decay.

Take time for at least a half hour's rest each day.

The Death Penalty

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Buckle's Arnica Salve ever handy. It's the best salve on earth and will prevent infection, when burns, sores, ulcers and piles threaten. Only 25c at all drug stores.

Although a woman is generally considered an old maid at 25, it is now conceded by many shrewd judges of the sex that woman's beauty is most splendid and her intellect is in full maturity at 28 years. Cleopatra was 28 when she first met Antony and enslaved the handsomest man in the whole Roman empire, as well as one of the greatest orators, generals and statesmen. The queen of Sheba was 28 when she dazzled Solomon nearly off his throne. The Marquise de Pompadour was 25 when she began to rule his domains. Josephine captured Napoleon at 33, it is true, but she was a widow at whom he had been casting sheep's eyes for five years.—Interior-Journal.

A New York dispatch says that Col. T. C. Campbell has gone to Georgetown to take part in the prosecution of Caleb Powers on a charge of conspiracy in the assassination of Gov. Goebel. Col. Campbell will ask Gov. Beckham to make a requisition on Gov. Durbin, of Indiana, for the return of fugitive W. S. Taylor to Kentucky for trial for alleged participation in the same conspiracy. In case this demand is refused a mandamus will be sought before the Supreme Court of the United States.

House of Beer Bottles.

A house of beer bottles is one of several startling architectural novelties in Tonopah Nev. Among the others are houses made of straw, of burlap sacks trimmed with blue jeans, of tin from five-gallon oil cans, of dry goods and cracker box lumber, of mud, stone, tents and cloth. The reason for this notable and original variety of building material is simple. Tonopah is in a region barren of trees. In consequence the commonest lumber sells for \$65 a thousand feet, while an inferior grade of scrub cedar for fuel costs \$22 a cord. Tonopah is a young mining camp, and its riches are still mostly underground. Therefore the need for economy, and hence the origin of William F. Peck's glass house.

Peck is a miner in the employ of the Tonopah Mining Company, and he has a family. He went there in July, when houses are not strictly necessary. Being unable to buy lumber, and empty beer bottles being available in astonishing numbers, he chose and went to work at odd times. By October his house was finished, and the chief expense was for water with which to mix his mud and plaster. Water costs \$1.50 a barrel in Tonopah in summer. Ten thousand beer bottles were incorporated in the neat little edifice, which was 16 by 20 feet in the clear, with ceilings eight feet high, and contained two rooms.

That Mr. Peck had an eye to artistic effect as well as to warmth and convenience is shown by the neatness of the workmanship and also his adherence to a color scheme. The northern and western exposures are composed of bottles of a light green hue, while the other sides are almost black.

The inside walls are plastered with lime, which is spread to a depth sufficient to cover the bottle necks.—St. Louis Post-Dispatch.

Took It Philosophically.

Mr. Hubert Hale came here Thursday from Ohio to marry and an hour after his arrival was a witness to the ceremony that made the lady he came after the better half of another man. He took the matter philosophically and was the first to congratulate the bride. The ceremony was performed by the Rev. David Bruner, who is in his ninety-fourth year, and this made the 4,497th couple he had joined.—Harrodsburg correspondent of the Danville Advocate.

According to the Chicago Chronicle there have been 50 lynchings in the United States so far this year. Six of the victims were white and 44 negroes. Forty-four of the lynchings occurred in the South and five in the North. Mississippi heads the list with 11. Georgia comes next with six, Florida, Texas and Louisiana had five each, while Illinois and West Virginia had two each and Arkansas three. Most of the lynchings were for rape and several of them were burned at the stake.

Seven indictments, involving different persons and charging conspiracy against the Government, were returned by the Federal grand jury at Washington, August 7. Machen, formerly superintendent of free delivery, is named, jointly with others, in four of the indictments. He has already been indicted on similar charges.

Mrs. Johnson, sister of James B. Marcum, testified in the trial at Cynthiana that Curt Jett said, when she asked him about the murder: "Harris money did it, but I fired the shot." Other testimony was corroborative of the evidence of Capt. Ewen and Barney Schiff regarding the movements of Jett and White immediately before and after the shooting.

The trial of the Legislators indicted in Missouri on the charge of bribery in connection with the Alum Bill legislation will begin today at Jefferson City.
